

Buyer's Guide

Seanderg Realty and Development Corporation

Book An Appointment

Schedule a presentation with us and we can showcase what our properties can offer for you! It only takes 30 minutes and we can also answer all of your questions during our presentation. We can also meet at our office, or even on site of the property.

Choose Your Lot

After looking at your preferred property, you can choose which lot you're interested in. Maybe you'd prefer a vacation home near the beach, or a large business at the center of the property, or even become neighbors with your friends. Let us know, and we will send you a computation!

Sign and Pay the Reservation

To close the deal, sign our Online Reservation Form and that lot will be tentatively reserved up to 3 days for you. Within those 3 days, kindly pay the reservation fee either online, or at one of our offices.

Settle the Balance

Purchasing the lot comes next. We offer discounts for full cash payments and we also have flexible payment terms. You can pay the downpayment in full, or we can do a stretched out downpayment as well. We also have the option for in-house financing for the balance.

Turnover

Once the lot has been paid in full, you can leave the rest to us to complete the turnover. After signing the Deed of Absolute Sale, and Transferring the Title, you are now one step closer to making your dream home come true!

Accepted Payment Methods

We accept payments through the following methods:

SEANDERG
